EXTRA CURRICULAR ACTIVITIES

Extracurricular activities can empower students to make their own decision and help them gain vital experiences and skills to lead them on the path to their future.

The Facts:-

Students involved in extracurricular activities are more likely to become leaders, more willing to complete tasks, more willing to voice opinion and more likely to graduate from High School. Extracurricular activities are also a good way to explore social, Political and career interest. Through participation in sports students learn co-operation, teamwork and time management.
